

MSR COUNCIL MATTERS

April 2010

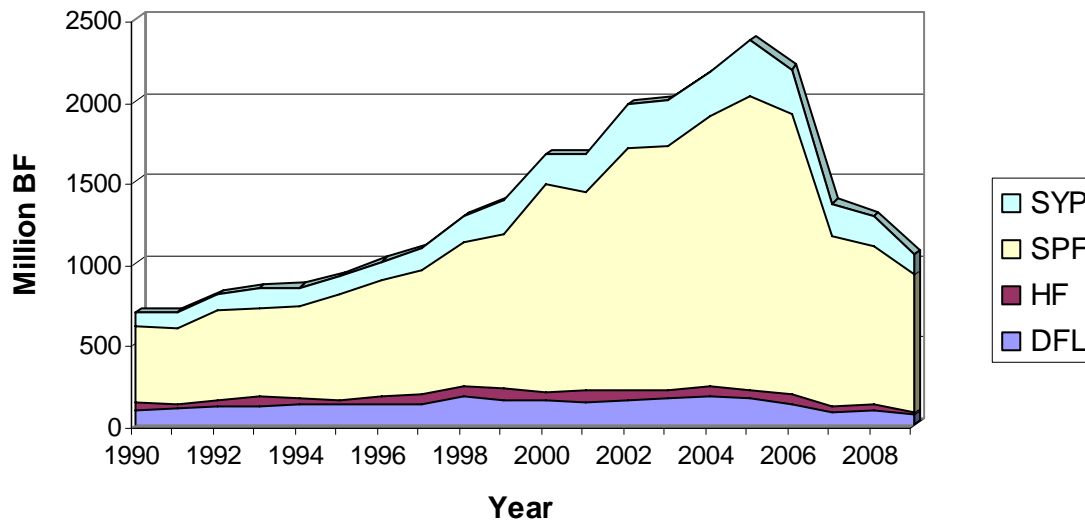

A Look at Twenty Years of MSR Production

In last month's issue, we shared information from our annual MSR Production Survey, including a comparison of overall production by species between 2008 and 2009 and a look at overall production by species from 2000 – 2009. Since then, we've been asked about some older production numbers, too!

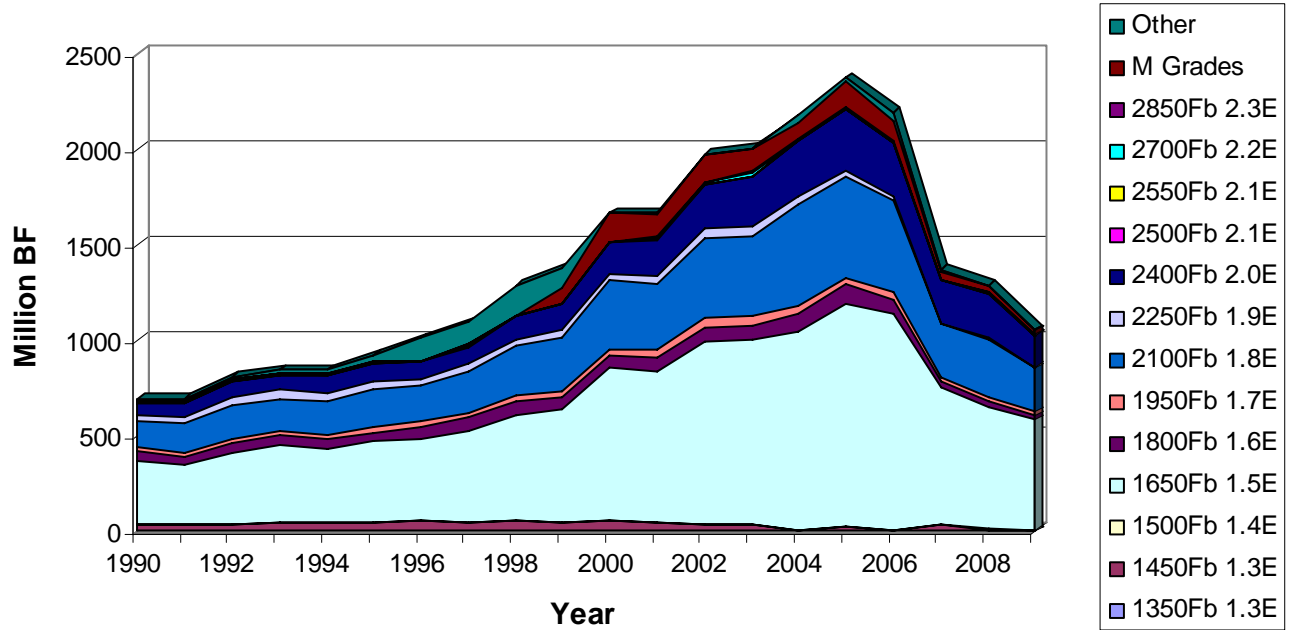

MSR Production By Size 1990 – 2009

MSR Production By Species 1990 – 2009

MSR Production By Grade 1990 – 2009

If you have questions about the data collected to represent the last 20 years of MSR lumber production, please [let us know](#). Thank you for your support and participation in our annual survey!
